

# Questions to Ask in your Child's IEP Meeting

1. What are the specific academic goals outlined in my child's IEP?
2. How will these goals be measured and monitored throughout the school year?
3. Are the goals challenging but achievable for my child's abilities and needs?
4. What accommodations or modifications are in place to support my child in reaching these goals?
5. How and when will I receive regular communication and updates about my child's progress?
6. Are there any additional resources or interventions available to help my child succeed in reaching these goals?
7. How can I, as a parent, actively support my child in working towards their IEP goals at home?
8. Are there any opportunities for my child to receive additional support or tutoring?
9. Can we schedule a mid-year review to check on my child's progress and make any necessary adjustments to the IEP?
10. What are the long-term objectives for my child's education, and how does the IEP align with their future academic and personal development?
