

Preparing for

Post-Secondary

with a

Learning Difference

ACCESSIBILITY SERVICES

Accessibility Services will work with you to arrange appropriate accommodations for your specific diagnosis.

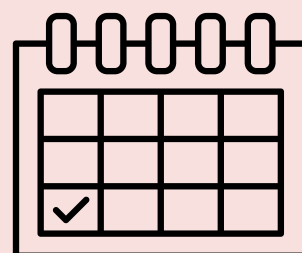

REGISTER FOR COURSES

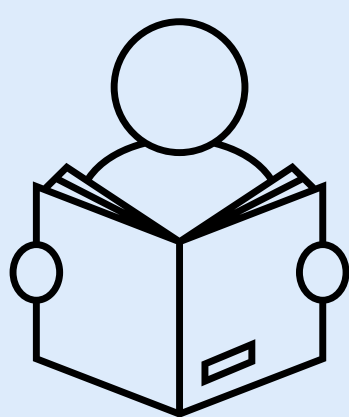

The first step in registering for your courses will be to set up your online account with your institution. Doing this will give you access to your online registration platform and your new school email inbox.

TRANSITIONING TO A NEW SCHEDULE

University schedules can be dynamic, with unexpected changes and challenges. Embrace change as an opportunity for growth and develop resilience to overcome setbacks.

READ YOUR PROGRAM CALENDAR AND FIND RESOURCES

Familiarize yourself with the program calendar and get informed about what is happening at your institution. Prepare your agenda with important dates and deadlines!

READ YOUR SYLLABUS AND TALK TO INSTRUCTORS

A syllabus is an important document that outlines a course's content, expectations, and structure. It can help you understand what to expect from the course throughout the semester.
