

CAMPS

Develop new skills with our creative, fun, hands-on STEAM camps for students with suspected or diagnosed learning differences.

Week 1 March 18-22

Week 2 March 25-28

STEAM = science, technology, engineering, art, and math

- STEAM Camps include fun activities and academic instruction encouraging teamwork, personal health and safety, social skills, exploration, and playing games.
- Our high instructor-to-camper ratio means your child gets focused assistance from our expert instructors, all BC certified teachers.
- For students grades 3-6

“

My child can't wait to come to camp each morning. The inclusive environment that LDS creates allows my child to express themselves and feel confident with who they are and they don't feel judged or excluded.
